

LOCKLY®

PRO 2-SERIES | Mortise Deadbolt and Latch Smart Lock

WORLD'S MOST ADVANCED SMART LOCK.

Peek-Proof Digital Keypad

Patented PIN Genie® touchscreen prevents codes from being guessed by randomly shuffling PIN number locations.

Your Finger is Your Key

Lockly's 3D Biometric fingerprint sensor is unlike other optical readers that can often times be faked through images.

Send Offline Access Codes to people you trust

Issue Offline Access Codes™ that do not require users to download an app or have Wi-Fi or Internet connection to use.

RFID Card Access

Quick and easy smart card access.

Real-time Control & Monitoring

With Secure LINK, you can monitor open/closed door status in real-time and alert you on your smartphone.

Fits Both
Left/Right Swing Doors

Works With Secure
Link Wi-Fi Hub
Sold Separately

Security at your fingertips

"Lockly PRO 2-Series combined a fingerprint reader to it's super secure peek-proof keypad. With just a finger you'll always be able to unlock your door."

Security, redefined.

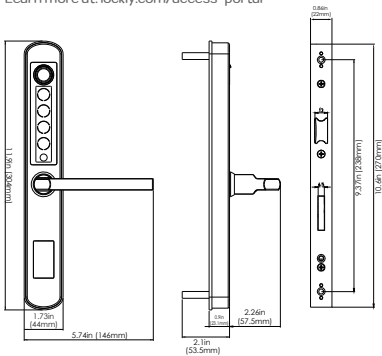

LINK Add Wi-Fi control, monitoring and status

Works with optional plug-n-play Secure Link Wi-Fi hub that enables real-time open/closed door status alerts and Google Assistant/Amazon Alexa voice control.

Works with Lockly Access Portal™ for managing multiple properties
