

LOCKLY® DUO PRO

Interconnected Edition

Simultaneous locking deadbolt and latch in one.

The world's most advanced smart lock that fits existing mortise door lock pockets or doors with dual bore holes.

Designed with the versatility to be installed in both dual bore hole locksets or as a replacement to existing mortise locks, thanks to LOCKLY's interlocking deadbolt/dead latch interlocking faceplate.

Works with Secure Link WiFi Hub (Included)

Features

Hack-proof PIN Genie® digital touchscreen.

3D biometric fingerprint sensor.

Issue Offline Access Codes™ that do not require users to download an app or have WiFi or Internet connection to use.

Remote lock and unlock from anywhere using the LOCKLY app.

Grant one-time use or specific time duration access by issuing codes or digital eKeys remotely via a mobile device.

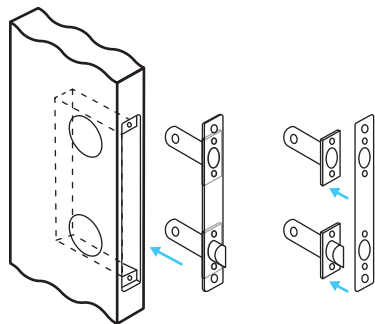

Open/closed status in real-time via smartphone.

Voice control through Alexa or Google Assistant.

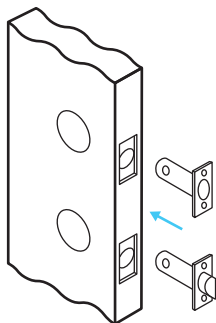

Full control with smartphone

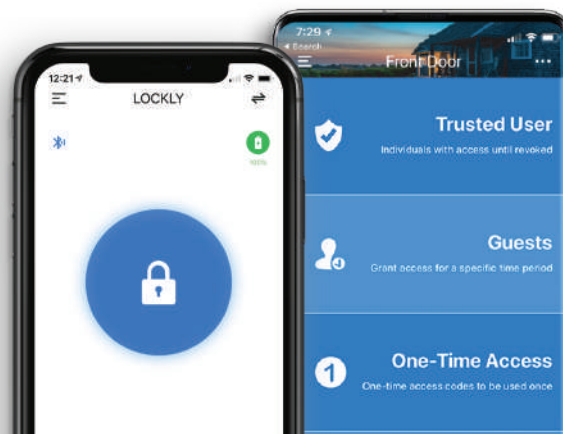

Unprecedented versatility

Interlocking faceplate secures deadbolt and latch bolt into a single mortise pocket assembly

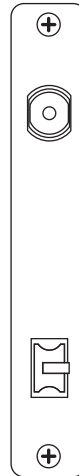

Also works with standard lockset bore holes with 4 to 5-1/2" deadbolt to latch spacing.

LOCKLY® DUO PRO

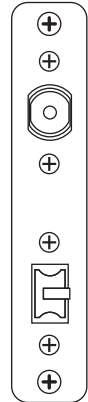

Two locks in one using Duo-Locking Technology™ to lock and unlock interconnected latch and deadbolt.

5.5" Uni Faceplate

4" Uni Faceplate

Mortise Faceplate

LOCKLY makes available a variety of door edge faceplates to fit a number of different size and purpose configurations, including our exclusive interlocking mortise faceplate that secures both deadbolt and latch bolt into a single mortise pocket assembly. Visit www.lockly.com for more information.
